All charges shall be a lien on the property, collectible in the same manner as Town taxes or by suit as [at] law.

**ARTICLE VIII**  
**Special Assessments**

Section 801. Power: Special Assessments.

The Town shall have the power to levy and collect taxes in the form of special assessments upon property in a limited and determinable area for special benefits conferred upon such property by the installation or construction of water mains, sanitary sewer construction and paving of public ways and sidewalks or parts thereof and to provide for the payment of all or any part of above projects out of the proceeds of such special assessment. The cost of any project to be paid in whole or in part by special assessment may include the direct cost thereof, the cost of any land acquired for the project, the interest on bonds, notes or other evidences of indebtedness issued in anticipation of the collection of special assessments, a reasonable charge for the service of the administrative staff of the Town and any other item of cost which may reasonably be attributed to the project.

Section 802. Procedure.

The procedure for special assessments, wherever authorized in this Charter, shall be as follows:

(a) The cost of the project being charged for shall be assessed according to the front foot rule of apportionment or some other equitable basis determined by the Council.

(b) The amount assessed against any property for any project or improvement shall not exceed the value of the benefits accruing to the property, nor shall any assessment exceed twenty-five percent (25) [25%] of the assessed value of the property, after giving effect to the benefit accruing thereto from the project or improvement for which assessed.

(c) When desirable, the affected property may be divided into different classes to be charged different rates, but except for this, any rate shall be uniform.

(d) All special assessment charges shall be levied by the Council by Ordinance. Before levying any special assessment charges, the Council shall hold a public hearing. The Clerk–Treasurer shall cause notice to be given stating the nature and extent of the proposed project, the kind of materials to be used, the estimated cost of the project, the portion of the cost to be assessed, the number of installments in which the assessment may be paid, the method to be used in apportioning the cost and the limits of the proposed area of assessment. The notice shall also state the time and place at which all persons interested, or their agents or attorneys, may appear before the Council and be heard concerning the proposed project and any special assessment. Such notice shall be given by sending a copy thereof by mail to the owner of record of each parcel of property to be assessed and to the person in whose name the property is assessed for taxation and by publication of a copy of the notice at least once in a newspaper of general circulation in the Town. The Clerk–Treasurer shall present at the hearing a certificate of publication and mailing of copies of the notice, which certificate shall be deemed proof of notice, but failure of any owner to receive the mailed copy shall not invalidate the proceedings. The date of hearing shall be set at least ten (10) and not more than thirty (30) days after the Clerk–Treasurer shall have completed publication and service of notice as provided in this Section. Following the hearing the Council, in its discretion, may vote to proceed with the project and may levy the special assessment.

(e) Any interested person feeling aggrieved by the levying of any special assessment under the provisions of this Section shall have the right to appeal to the Circuit Court of the County within twenty (20) days after the levying of any assessment by the Council.

(f) Special assessments may be made payable in annual or more frequent installments over such period of time, not to exceed forty (40) years, and in such manner as the Council may determine. The Council shall determine on what date installments shall be due and payable. Interest may be charged on installments at the rate to be determined by the Council.

(g) All special assessment installments shall be overdue six (6) months after the date on which they become due and payable. All special assessments shall be liens on the property and all overdue special assessments shall be collected in the same manner as Town taxes or by suit as [at] law.

(h) All special assessments shall be billed and collected by the Clerk–Treasurer.

Section A1-105. Powers withheld from the Agency.

The agency may not:

(1) Pass a resolution to initiate an urban renewal project pursuant to sections A1-102 and A1-103 of this appendix;

(2) Issue general obligation bonds pursuant to section A1-111 of this appendix; or

(3) Appropriate funds or levy taxes and assessments pursuant to section A1-103(3) of this appendix.

Section A1-106. Initiation of project.

In order to initiate an urban renewal project, the legislative body of the municipality shall adopt a resolution which:

(1) Finds that one or more slum or blighted areas exist in the municipality;

(2) Locates and defines the slum or blighted area; and

(3) Finds that the rehabilitation, redevelopment, or a combination of them, of the area or areas, is necessary and in the interest of the public health, safety, morals, or welfare of the residents of the municipality.

Section A1-107. Preparation and approval of plan for Urban Renewal Project.

(a) In order to carry out the purposes of this appendix, the municipality shall have prepared an urban renewal plan for slum or blighted areas in the municipality, and shall approve the plan formally. Prior to its approval of an urban renewal project, the municipality shall submit the plan to the planning body of the municipality for review and recommendations as to its conformity with the master plan for the development of the municipality as a whole. The planning body shall submit its written recommendation with respect to the proposed urban renewal plan to the municipality within 60 days after receipt of the plan for review. Upon receipt of the recommendations of the planning body or, if no recommendations are received within the 60 days, then without the recommendations, the municipality may proceed with a public hearing on the proposed urban renewal project. The municipality shall hold a public hearing on an urban renewal project after public notice of it by publication in a newspaper having a general circulation within the corporate limits of the municipality. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration. Following the hearing, the municipality may approve an urban renewal project and the plan therefor if it finds that:

(1) A feasible method exists for the location of any families or natural persons who will be displaced from the urban renewal area in decent, safe, and sanitary dwelling accommodations within their means and without undue hardship to the families or natural persons;

(2) The urban renewal plan conforms substantially to the master plan of the municipality as a whole; and

(3) The urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(b) An urban renewal plan may be modified at any time. If modified after the lease or sale of real property in the urban renewal project area, the modification may be conditioned upon whatever approval of the owner, lessee, or successor in interest as the municipality considers advisable. In any event, it shall be subject to whatever rights at law or in equity as a lessee or purchaser, or his successor or successors in interest, may be entitled to assert. Where the proposed modification will change substantially the urban renewal plan as approved previously by the municipality, the modification shall be approved formally by the municipality, as in the case of an original plan.

(c) Upon the approval by the municipality of an urban renewal plan or of any modification of it, the plan or modification shall be considered to be in full force and effect for

the respective urban renewal area. The municipality may have the plan or modification carried out in accordance with its terms.

Section A1-108. Disposal of property in urban renewal area.

(a) The municipality may sell, lease, or otherwise transfer real property or any interest in it acquired by it for an urban renewal project to any person for residential, recreational, commercial, industrial, educational, or other uses or for public use, or it may retain the property or interest for public use, in accordance with the urban renewal plan and subject to whatever covenants, conditions, and restrictions, including covenants running with the land, as it considers necessary or desirable to assist in preventing the development or spread of future slums or blighted areas or to otherwise carry out the purposes of this appendix. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the urban renewal plan, and may be obligated to comply with whatever other requirements the municipality determines to be in the public interest, including the obligation to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest may not be sold, leased, otherwise transferred, or retained at less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in the plan, the restrictions upon, and the covenants, conditions, and obligations assumed by the purchaser or lessee or by the municipality retaining the property, and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. In any instrument or conveyance to a private purchaser or lessee, the municipality may provide that the purchaser or lessee may not sell, lease, or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct on the property. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for the transfer and the urban renewal plan (or whatever part or parts of the contract or plan as the municipality determines) may be recorded in the land records of the county in which the municipality is situated in a manner so as to afford actual or constructive notice of it.

(b) The municipality may operate temporarily and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this appendix, without regard to the provisions of subsection (a), for uses and purposes considered desirable even though not in conformity with the urban renewal plan.

(c) Any instrument executed by the municipality and purporting to convey any right, title, or interest in any property under this appendix shall be presumed conclusively to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchasers, lessees, or transferees of the property is concerned.

Section A1–109. Eminent domain.

Condemnation of land or property under the provisions of this appendix shall be in accordance with the procedure provided in the real property article of the Annotated Code of Maryland.

Section A1–110. Encouragement of private enterprise.

The municipality, to the extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity to the rehabilitation or redevelopment of any urban renewal area by private enterprise consistent with the sound needs of the municipality as a whole. The municipality shall give consideration to this objective in exercising its powers under this appendix.

Section A1–111. General obligation bonds.

For the purpose of financing and carrying out of an urban renewal project and related activities, the municipality may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorization of general obligation bonds by the municipality, and also within limitations determined by the municipality.

Section A1–112. Revenue bonds.

(a) In addition to the authority conferred by Section A1–111 of this appendix, the municipality may issue revenue bonds to finance the undertaking of any urban renewal project and related activities. Also, it may issue refunding bonds for the payment or retirement of the bonds issued previously by it. The bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with the undertaking and carrying out of urban renewal projects under this appendix. However, payment of the bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any urban renewal project, or any part of a project, title to which is in the municipality. In addition, the municipality may enter into an indenture of trust with any private banking institution of this state having trust powers and may make in the indenture of trust covenants and commitments required by any purchaser for the adequate security of the bonds.

(b) Bonds issued under this section do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, are not subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds, and are exempted specifically from the restrictions contained in Sections 9, 10, and 11 of Article 31 (Debt – Public) of the Annotated Code of Maryland. Bonds issued under the provisions of this appendix are declared to be issued for an essential public and governmental purpose and, together with interest on them and income from them, are exempt from all taxes.

(c) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality. They may be issued in one or more series and:

- (1) Shall bear a date or dates;
- (2) Mature at a time or times;
- (3) Bear interest at a rate or rates;
- (4) Be in a denomination or denominations;
- (5) Be in a form either with or without coupon or registered;
- (6) Carry a conversion or registration privilege;
- (7) Have a rank or priority;
- (8) Be executed in a manner;
- (9) Be payable in a medium or payment, at a place or places, and be subject to terms of redemption (with or without premium);
- (10) Be secured in a manner; and
- (11) Have other characteristics, as are provided by the resolution, trust indenture, or mortgage issued pursuant to it.

(d) These bonds may not be sold at less than par value at public sales which are held after notice is published prior to the sale in a newspaper having a general circulation in the area in which the municipality is located and in whatever other medium of publication as the municipality may determine. The bonds may be exchanged also for other bonds on the basis of par. However, the bonds may not be sold to the federal government at private sale at less than par, and, in the event less than all of the authorized principal amount of the bonds is sold to the federal government, the balance may not be sold at private sale at less than par at an interest cost to the municipality which does not exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix cease to be officials of the municipality before the delivery of the bonds or, in the event any of the officials have become such after the date of issue of them, the bonds are valid and binding obligations of the municipality in accordance with their terms. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix are fully negotiable.

(f) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this appendix, or the security for it, any bond which recites in substance that it

has been issued by the municipality in connection with an urban renewal project shall be considered conclusively to have been issued for that purpose, and the project shall be considered conclusively to have been planned, located, and carried out in accordance with the provisions of this appendix.

(g) All banks, trust companies, bankers, savings banks, and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking or investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or other obligations issued by the municipality pursuant to this appendix. However, the bonds and other obligations shall be secured by an agreement between the issuer and the federal government in which the issuer agrees to borrow from the federal government and the federal government agrees to lend to the issuer, prior to the maturity of the bonds or other obligations, moneys in an amount which (together with any other moneys committed irrevocably to the payment of principal and interest on the bonds or other obligations) will suffice to pay the principal of the bonds or other obligations with interest to maturity on them. The moneys under the terms of the agreement shall be required to be used for the purpose of paying the principal of and the interest on the bonds or other obligations at their maturity. The bonds and other obligations shall be authorized security for all public deposits. This section authorizes any persons or public or private political subdivisions and officers to use any funds owned or controlled by them for the purchase of any bonds or other obligations. With regard to legal investments, this section may not be construed to relieve any person of any duty of exercising reasonable care in selecting securities.
