

**HOLD  
THE DATE!**

**HB 1141 Summit:  
Maryland Water Resources Planning  
Friday December 4, 2009  
at  
Chesapeake Bay Foundation, Annapolis, Maryland**

Local comprehensive plans are now required to address local drinking water and waste water needs.

- *What's being done to meet this new mandate?*
- *What's working and what's not?*
- *How can planners be more effective at helping make safe and clean water available for our communities?*

Join us for:

- *The latest on how newly proposed Chesapeake Bay pollution loading limits impact water resources planning.*
- *Peer summaries on challenges and opportunities of adopting a Water Resources Element.*
- *Tips for implementing HB 1141 more effectively.*

Prospective speakers include representatives from MDP, MDE, EPA, county, and municipal governments.
