TRIPLE YOUR EXPOSURE

Savvy marketers are always looking for more bang for their buck—and Maryland Municipal League (MML) is happy to oblige with 3X the impact. It's easier than ever to attract, connect, and engage with MML members, partners, and key influencers via a triad of marketing platforms that work in concert to expand brand visibility.

For starters, the Maryland Municipal Magazine is a bi-monthly publication with a circulation of 2,000 members and subscribers. Ads on its digital version link directly to advertisers' websites.

Secondly, there's the e-Bulletin that reaches 2,100 OPT-IN subscribers per month and is distributed weekly during legislative session and biweekly rest of year.

Lastly, MML's Digital Directory includes info for all 157 municipalities in MD and is promoted regularly to 1,900 member officials, state and county legislators.
