(3) A qualified voter may sign the petition of more than one person to fill a vacancy on the Council. Each qualified voter shall print his/her name under the signature and shall include his/her address and the date of his/her signature on the petition.

(4) Before listing a person's name on a special election ballot as a candidate to fill a vacancy on the Council, the City Clerk shall verify that sufficient signatures on a petition are from qualified voters of the City and for a Councilmember vacancy of the ward in which there is a vacancy. The invalidation of one signature on a petition shall not serve to invalidate any other signatures on a petition.

The Council shall hold a public hearing on any such proposed amendment or amendments and shall not take final action on a resolution less than fourteen (14) days following the hearing.

(b) In conformity with a requirement imposed upon the General Assembly by Article 3, Section 29 of the Constitution of Maryland, the resolution shall contain the complete and exact wording of the proposed amendment or amendments, prepared so that the section or sections are set forth as they would read when amended or enacted. This Charter or any section thereof may not be revised or amended by reference to its title or section only.

(c) The Council shall develop such rules and procedures as are necessary relating to nomination proceedings consistent with the provisions of this Charter.

(d) Any person nominated as a candidate must meet the qualifications of the office for which she/he is nominated.

Section 605. Write-In Candidates.

(a) Any write-in candidate for Mayor or Councilmember who wishes to be pre-registered as a write-in candidate and to have her/his name posted in the voting booth for the purpose of identifying her/him as a candidate for office, must file her/his name with the City Clerk by 5:00 p.m. on the Friday prior to the election.

(b) A voter in a City election may write-in [write in] the name of any [candidate] person for the office of Mayor or Councilmember in the method provided by the City Clerk on election day.

(c) A voter may only write-in [write in] one candidate for each office.

(d) Only those write-in candidates who are qualified to serve for the office for which they are written-in as Mayor or Councilmember as provided by this Charter shall be eligible to hold said office.

Section 606. Election of Mayor and Councilmembers.

(a) On the first Tuesday after the first Monday in November in every odd-numbered year, the certified voters of the City shall elect its governing body of seven (7) members. Six (6) of these members are elected by ward and are called Councilmembers, and one (1) is elected at

large and is called Mayor. Each of those elected shall reside in the City and be voters of the City, and in the case of the Councilmembers, be residents of the areas from which they are so elected consistent with the provisions of Section 304, Article III of this Charter.

(b) The candidate receiving a majority of votes for Mayor shall be declared elected. The candidate for Council receiving a majority of votes in each ward shall be declared elected.

(c) An instant runoff voting system shall be used in order to elect the Mayor and Councilmembers with a majority of votes by allowing voters to rank candidates in order of choice. Instructions on instant runoff voting provided to voters shall conform substantially to the following specifications, although subject to modification based on ballot design and voting system:

“Vote for candidates by indicating your first-choice candidate, your second-choice candidate, and so on. Indicate your first choice by marking the number ‘1’ beside a candidate’s name, your second choice by marking the number ‘2’ beside that candidate’s name, your third choice by marking the number ‘3,’ and so on, for as many choices as you wish. You are free to rank [rank] only one candidate, but ranking additional candidates cannot help defeat your first-choice candidate. Do not mark the same number beside more than one candidate. Do not skip numbers.”

(d) The first choice marked on each ballot shall be counted initially by the judges of election as one vote. If any candidate receives a majority of the first choices, that candidate shall be declared elected.

(e) If no candidate receives a majority of first choices, the judges of election shall conduct an instant runoff consisting of additional rounds of ballot counting. In every round of counting, each ballot is counted as one vote for that ballot’s highest ranked advancing candidate. “Advancing candidate” means a candidate for that office who has not been eliminated. A candidate receiving a majority of valid votes in a round shall be declared elected. If no candidate receives a majority of valid votes in a round, the candidate with the fewest votes shall be eliminated, and all ballots shall be recounted. This process of eliminating the candidate with the fewest votes and recounting all ballots shall continue until one candidate receives a majority of the valid votes in a round.

(f) To facilitate ballot counting in any round, the judges of election may eliminate all candidates with no mathematical chance of winning. A candidate has no mathematical chance of winning if the sum total of all votes credited to that candidate and all candidates with fewer votes is less than the number of votes credited to the candidate with the next greatest number of votes.

(g) If a ballot has no more available choices ranked on it, that ballot shall be declared “exhausted” and not counted in that round or any subsequent round. Ballots skipping one number shall be counted for that voter’s next clearly indicated choice, but ballots skipping more than one number shall be declared exhausted when this skipping of numbers is reached. Ballots with two or more of the same number shall be declared exhausted when such duplicate rankings are reached unless only one of the candidates with the duplicate ranking is an advancing candidate.

(h) In the event of a tie that affects the outcome of the election, the tie shall be broken by comparing the votes of the tied candidates in the previous rounds of counting, starting with the count immediately preceding the round in which the tie occurs. If one of the tied candidates had more votes than the remaining tied candidates in the preceding round or an earlier round of counting, then that candidate shall advance and the others shall be eliminated. If the candidates were tied in each preceding round, then the tie shall be resolved by lot. In the event that this tie occurs between or among all remaining candidates, then a runoff election between or among the tied candidates shall be held within forty-five (45) days after the date of the election.

(i) The Council may modify the form of the ballots, the instructions to voters, and the details with respect to the method of marking, sorting, counting, invalidating, and retaining ballots and the tabulating and recounting of votes pursuant to this section, provided that no change shall be made that will alter the intent or principles of instant runoff voting as set forth in this section. (Res. No. 2006-1, 5-30-2006).

Section 607. Conduct of Elections Generally.

(a) The Council, by ordinance, shall provide for said elections; shall designate in said ordinance a convenient polling place or places; shall appoint judges of election; shall designate the manner of holding said election; shall designate and provide the voting system to be used; and shall conduct said elections in accordance with the provisions of this section.

(b) Elections shall be conducted by the judges appointed by the Council under the supervision of the City Clerk, and shall be held at some convenient place or places to be designated by the Council; any vacancy in the list of judges occurring between their appointment and the election shall be filled by the Mayor. The polls shall be opened at 7:00 A.M. and closed at 8:00 P.M.

Section 608. Absentee Voting.

Any qualified voter may vote by absentee ballot in a City election. (Res. No. 2009-1, 4-28-2009).

Section 609. Provisional Voting.

A person may cast a provisional ballot in a City election if the person's name does not appear on the lists of qualified voters of the City or if the person's eligibility to vote, identification or identity is challenged. (Res. No. 2009-1, 4-28-2009).

Section 610. Special Elections.

All special City elections shall be conducted by the Council in the same manner, as far as practicable, as set forth in this Charter. (Res. No. 2009-1, 4-28-2009).

Section 611. Advisory Referendums.

(a) A question for referendum or a legislative initiative, not otherwise provided for in this Charter and regarding a matter over which the Council has authority, may be placed on the ballot in any regular or special City election. The municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of any urban renewal area by private enterprise. The municipality shall give consideration to this objective in exercising its powers under this appendix.

Section A1-109. General Obligation Bonds.

For the purpose of financing and carrying out of an urban renewal project and related activities, the municipality may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorization of general obligation bonds by such municipality, and also within such limitations as shall be determined by said municipality.

Section A1-110. Parking.

For the purpose of financing the design, construction, establishment, extension, alteration, operation or acquisition of public parking facilities in connection with an urban renewal project, the municipality is authorized to create within its corporate limits special taxing districts for such purposes and to levy on all real and personal property subject to ordinary city taxes located within said special taxing districts an ad valorem tax at a rate sufficient to provide adequate annual revenues to pay the principal and interest on any bonds or other obligations of

such municipality issued for such purposes as the said principal and interest may become due. All such taxes shall be levied in the same manner, upon the same assessments, for the same period or periods and as of the same date or dates of finality as are now or may hereafter be prescribed for ordinary city taxes. (Ch. 653, 1963.)

Section A1-111. Revenue Bonds.

In addition to the authority conferred by Section A1-109 of this appendix, the municipality shall have the power to issue revenue bonds to finance the undertaking of any urban renewal project and related activities, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects under this appendix: provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any such urban renewal projects, or any part thereof, title to which is in the municipality. In addition, the municipality may enter into an Indenture of Trust with any private banking institution of this State having trust powers and may make in such indenture of trust such covenants and commitments as may be required by any purchaser for the adequate security of said bonds.

(1) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds, and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland, 1957 Edition, as amended. Bonds issued under the provisions of this Article are declared to be issued for an essential public and governmental purpose and together with interest thereon and income therefrom, shall be exempted from all taxes.

(2) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality and may be issued in one or more series and shall bear such date or dates, shall mature at such time or times, bear interest at such rate or rates, not exceeding six per centum per annum, be in such denomination or denominations, be in such form either with or without coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium or payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(3) Such bonds may be sold at not less than par at public sales held after notice published prior to such sale in a newspaper having a general circulation in the area in which the municipality is located and in such other medium of publication as the municipality may determine or may be exchanged for other bonds on the basis of par: provided, that such bonds may be sold to the Federal Government at private sale at not less than par, and, in the

event less than all of the authorized principal amount of such bonds is sold to the Federal Government, the balance may be sold at private sale at not less than par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the Federal Government.

(4) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix shall cease to be such officials before the delivery of such bond or, in the event any such officials before the delivery of such bond or, in the event any such officials shall have become such after the date of issue thereof, said bonds shall nevertheless be valid and binding obligations of said municipality in accordance with their terms. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix shall be fully negotiable.

(5) In any suit, action or proceeding involving the validity or enforceability of any bond issued under this appendix or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this appendix.

(6) All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business; all insurance companies, insurance associations and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries may legally invest any sinking funds, monies, or other funds belonging to them or within their control in any bonds or other obligations issued by the municipality pursuant to this appendix, provided that such bonds and other obligations shall be secured by an agreement between the issuer and the Federal Government in which the issuer agrees to borrow from the Federal Government and the Federal Government agrees to lend to the issuer, prior to the maturity of such bonds or other obligations, monies in an amount which (together with any other monies irrevocably committed to the payment of principal and interest on such bonds or other obligations) will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which monies under the terms of said agreement are required to be used for the purpose of paying the principal of and the interest of such bonds or other obligations at their maturity. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any such funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

Section A1-112. Separability.

If any provision of this appendix, or the application thereof to any person or circumstances, is held invalid, the remainder of the appendix and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be

affected thereby. The powers conferred by this appendix shall be in addition and supplemental to the powers conferred by any other law.
